**ATTENTION: UNITED HEALTHCARE PATIENTS WHO HAVE A COMMERCIAL INSURANCE PLAN, IE. CHOICE PLUS, NAVIGATE, CHARTER AND COMPASS**

As of November 1, 2015, United Healthcare has implemented a new reimbursement policy, transitioning from a "Per Service" to a "Per Visit" fee schedule. This means that UHC will pay one flat rate per visit, no matter the service provided.

A \$60 fee will be the new contracted rate per visit for Chiropractic treatment. Whether you have just a manipulation or you have an office visit, X-rays, physical therapy and a manipulation, the fee will be the same. If you must satisfy a deductible, this will be your portion until your deductible has been met. After your deductible has been met, your portion will be the amount of your coinsurance, ie. 15%, 20%, 25%, etc. Example: 20% coinsurance of \$60.00 will be \$12.00. This will be the amount you will owe per visit under the new UHC guidelines.

Because this is all United Healthcare will allow per visit, we have been forced to possibly split your New Patient visit over two visits. Because we have a New Patient Office Visit/Evaluation fee, your Manipulation, possible X-rays and possible Physical Therapy Modalities, we cannot afford to absorb all of the costs of UHC new guidelines. The reality is that our office is a business and we must be able to stay in business in order to provide you with the best possible care.

We apologize for this inconvenience, but the new healthcare laws have allowed insurance companies to make changes that have directly affected both the patient and the doctor's offices financially.

If you have any concerns regarding these new guidelines, one of our staff members will be happy to answer your questions.
